

# Recovery Act Funds At A Glance

Those who exhaust their state unemployment benefits may qualify for up to an additional 47 weeks of benefits through Emergency Unemployment Compensation (EUC). The deadline to apply and qualify for the EUC program is now Dec. 31, 2011. Funding for EUC benefits is provided through the federal government and does not impact the State's UI Trust Fund.

An additional extension of benefits is triggered when the state's seasonally adjusted total unemployment rate reaches 6.5 percent or more for three consecutive months. Traditionally, state extended benefits (EB) are funded partially through the state's UI Trust Fund and partially from federal funds. However, under a provision of the American Recovery and Reinvestment Act, EB is funded wholly through federal funds through Dec. 31, 2011, in most cases.

### Administration & Implementation

Kansas received federal funds to assist in administering the State's Unemployment Insurance program through the American Recovery and Reinvestment Act. In addition, the State is reimbursed for the costs associated with implementing the federal benefit provisions of the Recovery Act. Administrative costs include staffing, supplies, communication and facilities expenses.

The total of those funds expended to date for administration and benefit implementation is **\$8,868,641**.
